

Feel like I'm falling in love Coldplay

I know that this could hurt me bad	I know that this could feel like that
But I just can't stop	Let my defences stop
I know that I was born to kill	Any angel on my windowsill
But it's so dark inside	I throw the windows will

Refrein:

I know La la la la la la la la la

I know La la la la la la la la la

Still I don't let go

And the fields of flowers grow

Oh

It feels like I'm falling in love

Maybe for the first time

Baby it's my mind

you blow

It feels like I'm falling in love

You're throwing me a lifeline

This is for a lifetime, I know

I know that this kind of scene

Of two people there's a spark between

One gets torn apart,

one gets a broken heart

Refrein

It feels like I'm falling in love

You're throwing me a lifeline

Oh now for the first time

I know I'm not alone
