Sapphire Ed Sheeran

You're glowin'
You colour and fracture the light
You can't help but shine
And I know that
You carry the world on your back
But look at you tonight

The lights, your face, your eyes
Exploding like fireworks in the sky

Sapphire
Touchin' on your body while you're pushin' on me
Don't you end the party, I could do this all week
We'll be dancin' till the morning, go to bed, we won't sleep
Cham cham chamke sitare vargi
Sapphire
Touchin' on your body while you're pushin' on me
Don't you end the party, I could do this all week
We'll be dancin' till the morning, go to bed, we won't sleep
Cham cham chamke sitare vargi

Look what we found, Karma reached out
Into our hearts and pulled us to our feet now
You know, the truth is we could disappear
Anywhere, as long as I got you there
When the sun dies, till the day shines
When I'm with you, there's not enough time
You are my spring flower, watchin' you bloom, wow
We are surrounded, but I can only see

The lights, your face, your eyes
Exploding like fireworks in the sky
